

Treatment Plan/Additional Treatment Plan Information Sheet

Please read the following information carefully prior to completing the Treatment Plan (TP) or Additional Treatment Plan (ATP). Failure to entirely complete the forms timely and legibly may result in denial of reimbursement or a repayment to the California Victim Compensation Board (CalVCB) for services previously reimbursed.

General Information

In order for CalVCB to pay for services, the claimant's application must be found eligible. After eligibility has been determined, CalVCB may consider reimbursement for outpatient mental health counseling up to the claimant's session limit, as shown in Table A.

Statute requires that CalVCB verify that treatment is necessary as a direct result of the crime for which the application was filed. To verify appropriateness of reimbursement, additional information (i.e. session notes or a letter of explanation) may be requested.

Additionally, the requested additional information must be provided at no cost to the claimant, CalVCB, or local Victim/Witness Assistance Centers within ten (10) business days from the date of the request. Failure to complete the Treatment Plan and/or provide the requested additional information may result in denial of reimbursement or a repayment to CalVCB for services previously reimbursed. CalVCB certifies that there is a signed authorization on file for release of the information requested.

Submittal of the Completed Treatment Plan

The Treatment Plan must be completed in its entirety before the completion of the fourth session and kept in the claimant’s file. It must be submitted to CalVCB in the following circumstances:

- There has been a three year delay in treatment from the date or disclosure of the qualifying crime.
- There has been a break in mental health treatment of one year or longer.
- Treatment beyond the claimant’s third session is less than 100 percent related to the qualifying crime.
- Upon submission of an Additional Treatment Plan.
- A Restitution Hearing against the offender has been ordered.
- The claimant is a post-crime caretaker.
- Upon request of CalVCB.

Submittal of the Completed Additional Treatment Plan

Should the claimant require treatment in excess of his or her authorized session limit, an Additional Treatment Plan (ATP) must be submitted with the TP and approved by CalVCB. Please submit the ATP if the claimant is within **eight (8) sessions**, or has reached the mental health benefit limitations and additional treatment is necessary as a direct result of the crime for which CalVCB application was filed. If you are the continuing therapist, please include a copy of your initial TP. CalVCB is unable to authorize and reimburse additional sessions until the ATP is reviewed and approved.

The ATP **must** be submitted within 90 days after the date a bill for sessions that exceed the authorized session limit is received by CalVCB. If the ATP and TP are not submitted within the 90 day timeframe, bills for all dates of service that exceed the authorized session limit will be returned and will not be considered for payment. However, bills for dates of service provided after the ATP and TP are received may be considered for payment, subject to approval of the ATP (California Code of Regulations, section 649.26(c)).

Please be advised that sessions provided to the claimant by another mental health provider are counted against the amount of sessions available under his or her initial session limit.
