

ADDITIONAL TREATMENT PLAN

VCB-71-00002 (Rev. 08/2025)

Read the following information carefully prior to completing the Additional Treatment Plan (ATP). Failure to entirely complete and submit the form with the previously completed Treatment Plan (TP) in a timely manner will result in denial of reimbursement, or a repayment to the California Victim Compensation Board (CalVCB) for services previously reimbursed.

General Information

After eligibility has been determined, CalVCB may consider reimbursement for outpatient mental health counseling up to the claimant's session limit, as shown in Table A. Sessions provided to the claimant by another mental health provider are counted against the amount of sessions available under their initial session limit.

CalVCB is the payor of last resort and can only pay for treatment that is not covered by any other reimbursement source. This applies to all reimbursement sources, such as: public and private health insurance (i.e., Medi-Cal, Blue Shield, etc.), civil suits, vehicle insurance, business insurance, home insurance, and/or workers' compensation. The insurance provider must be billed prior to submitting expenses to CalVCB for payment. If the expense is not covered, or is only partially covered, submit your billing with a copy of the explanation of benefits (EOB). Failure to do so will result in delays in payment ([CCR 649.31](#)).

If the claimant is unable to provide an EOB, please see Mental Health Billing Intake form for exemptions (<https://victims.ca.gov/forms/mental-health-billing-intake-form/>).

Statute requires CalVCB to verify that treatment is necessary as a direct result of the crime for which the application was filed. To verify appropriateness of reimbursement, additional information (i.e., session notes or a letter of explanation) may be requested. The requested additional information must be provided at no cost to the claimant, CalVCB, or local Victim/Witness Assistance Centers within ten (10) business days from the date of the request.

Failure to complete the TP, ATP, and/or provide the requested additional information may result in denial of reimbursement or a repayment to CalVCB for services previously reimbursed. CalVCB certifies there is a signed authorization on file for release of the information requested.

Additional Treatment Plan Requirements

Should the claimant require treatment in excess of their authorized session limit, an Additional Treatment Plan (ATP) must be submitted with the TP and approved by CalVCB. The ATP must not be completed until the claimant is within eight sessions from reaching their authorized session limit. If you are the continuing therapist or a new therapist within the same agency, include a copy of the initial TP.

Authorized Reimbursement Beyond the Claimant's Initial Session Limit

- An ATP must be submitted within 90 days after the date CalVCB receives a bill for sessions that exhaust the authorized session limit.
- If the Additional Treatment Plan and Treatment Plan are not submitted within the 90-day timeframe, bills for all dates of service that exceed the authorized session limit will not be considered for payment.
- Bills for dates of service provided after the Additional Treatment Plan and Treatment Plan are received may be considered for payment, subject to approval of the Additional Treatment Plan.

ADDITIONAL TREATMENT PLAN FORM

VCB-71-00002 (Rev. 08/2025)

To request reimbursement of treatment beyond the claimant's initial session limit, this form must be submitted and approved. Failure to entirely complete this form may result in denial of further reimbursement or a repayment to the California Victim Compensation Board (CalVCB) for services previously reimbursed.

To reduce errors and delays, prior to submitting this form refer to policies found in the following:

- The Treatment Plan Information Sheet, (see pages 1-3).
- CalVCB Guidelines for Mental Health and Counseling Expenses (Guidelines), <https://victims.ca.gov/for-service-providers/mental-health-service-providers/session-guidelines/>.
- It explains all the criteria that must be met for allowance of additional sessions: crime circumstance, treatment focus, treatment progress, and to determine whether treatment must benefit the direct victim when the person being treated is not the direct victim. Penal Codes are found within the Guidelines; the codes themselves can be found at:
 - o <https://leginfo.legislature.ca.gov/faces/codes.xhtml>; this website contains all current statutory codes.
 - o CalVCB's Glossary of Penal Code Definitions, <https://victims.ca.gov/forms/penal-codes-definitions>. This document is provided for the purposes of assistance in reviewing the guidelines and completing the Treatment Plan and Additional Treatment Plan.

Before completing this form, note the following clarifications:

- If treatment transitions from one treating therapist to another within an organization, it is not considered a new therapist. In such cases, the current treating therapist must complete the form considering all treatment provided within the organization.
- Minors who reside in a home where a crime of child abuse or domestic violence has occurred are considered direct victims.
